# Geography Higher Education at BHASVIC 2019

# In Sept 2019, 21 BHASVIC students went onto study Geography degrees at 13 different universities

In addition, students have increasingly supplemented their Geography studies by choosing Global Issues as a focus for higher level study including International Development.

Students can choose International Development or Current Affairs as a portfolio choice in A2 to support their applications.

#### Should I study Geography at degree level?

Geography covers the physical and manmade world around us. Courses can include a mix of human, physical and environmental geography or you can specialise in one of these

areas.

The work / assessment style varies, from online tests, exams, coursework & primary research (interviews/land-use surveys, scientific practicals) to essential statistical software.

You can choose to study straight Geography or a closely related subject, for example

• geophysics
• environmental geoscience
• Geology
• There is also a

 There is also a strong crossover with Environmental Science • A-levels (or equivalent) usually required

**Entry Requ** 

Geography for most courses

Useful to have

- Chemistry
- Biology
- Physics
- Mathematics

• Global worlds, global challenges
• Skills and techniques

- in geosciences
- Physical environments
- Environment & society
- Analysing geographical and environmental data
- Earth systemsGlobal climate systems
- Historical cultural geographies
- Theory, space and society
- Urbanism, culture and modernity
