

# Sport & Physical Education

## Higher Education at BHASVIC 2019

### In Sept 2019, 20 BHASVIC students went onto study Sport & PE Science at 12 different universities

Many of our students go onto pursue a career in sport and will embark on many pathways, including higher education.

In addition to studying sport at university, student will begin professional sporting careers, take up coaching or sponsorships in the UK and abroad.

Students can add Sport Performance to their timetable at BHASVIC for their chosen sports.

### Should I study Sport at degree level?

You will develop your skills and knowledge in and around training and competition. Topics range from your own physical conditioning, sports coaching, performance psychology, performance analysis, sport development and sports nutrition.

You will have around 12 hours of lectures each week and workshops too. Content will be diverse and will often involve participation in sporting activities outside lectures.

#### Types of Degree

- Sport is a very wide ranging subject area and combines well with:
- Coaching
- Performance
- Management
- Even Journalism and Marketing

#### Entry Requirements

- BTEC Sport is very useful
